PLEASE NOTE:

If space allows, Mr. Mainz prefers to speak on a 18 feet wide x 10 feet deep stage/riser. If the audience is less than 50, no stage is required.

If Mr. Mainz is presenting more than one program for your group, please schedule them in the same room if possible.

VERY IMPORTANT: Please have house lights directly above the projection screen disconnected by the hotel maintenance staff. Mr. Mainz uses slides extensively in his program and it is important that the lights in the area of the screen be dark, without turning lights off on the stage or in the audience. Please consult with your hotel/property contact AHEAD OF TIME to make sure they understand the importance of this requirement. Thank you!
